Panther Nation,

I hope the correspondence finds you healthy and well.

As you are all aware, we entered the 2020 – 2021 school year with many unknowns surrounding COVID-19, not knowing how the school year would unfold. To help address these unknowns, an additional 15 minutes was added to each school day. As a result, by the end of the school year, Mabank ISD will surpass the 75,600 instructional minutes required by the Texas Education Agency.

Due to this surplus of minutes, and in an effort to recognize the extraordinary efforts of our staff and students, Mabank ISD's Board of Trustees has approved an amendment to the 2020 – 2021 school calendar.

The amendments are as follows:

February 12th – This day was already scheduled as a student holiday. It will now be a holiday for all staff.

May 21st – This will now be the official last day of school for the 2020 – 2021 school year.

This has been, and continues to be, an unprecedented school year. The hard work, diligence, and dedication shown by our teachers, staff, administrators, students, and parents thus far, is beyond reproach. On behalf of myself and the Board of Trustees, I say THANK YOU!

Sincerely,

Brad Koskelin
Superintendent
Mabank ISD
