

MABANK JUNIOR HIGH
NATIONAL JUNIOR HONOR SOCIETY

“Bears to Show We Care” Service Project

NJHS is sponsoring a bear drive that will benefit Cook Children's Hospital and their Prayer Bear program. New toy teddy bears are blessed during worship services, then they are delivered to the medical center chaplains. These bears are given to patients who need encouragement or support after a painful procedure, during a lengthy hospital stay or during difficult times.

Chaplains tell children that “this bear comes to you with love from people you have never met who are praying for you.” These Prayer Bears mean so much to children and their families.

Due to Covid-19 restrictions, we cannot accept donated bears at this time. So this year, Mabank Junior High will be collecting money to purchase 9 inch bears from a Dallas company who will deliver the bears directly to the Cook Children’s Hospital chaplains. These huggable bears come in a variety of colors. They are \$5.00 each and you may purchase as many bears as you wish. Please fill out the form and return it to your student’s Science teachers with any cash or checks collected. Checks should be made payable to MISD.

Donate some stuffed love today!!! Thank you for supporting the National Junior Honor Society members with this community project.
