3. The TVCC police department is the primary police authority for TVCC. All dual credit students, while on any TVCC campus, shall be eligible for and receive all police services provided by the TVCC police department.
4. Responses to law enforcement, safety, or emergency related incidents shall be based upon the guidelines, and operational procedures of TVCC found in the TVCC Catalog available on the TVCC website, along with local, state, and federal laws.
5. TVCC may, at its discretion, release primary law enforcement jurisdiction to the appropriate District on a case-by-case basis.
6. The District agrees to notify the TVCC police department of any incident or situations involving dual credit high school students that may affect the public safety of the TVCC community.
7. Campus carry laws will be obeyed as the law was written during the 84 (R) Texas legislative session (SB 11).
8. Dual credit parents will report grievances to the high school counselor, at which time the high school counselor will communicate any grievances to the director of dual credit. Upon confirmation from the District high school counselor, students will be expected to follow the grievance process outlined in the 2023-2024 TVCC Catalog for any academic or disciplinary appeal.
9. TVCC recommends that any school sending students to a TVCC campus provide a district representative to remain on campus with the students. In the absence of a campus representative, any disciplinary issues will be handled in accordance with the TVCC Student Code of Conduct, and the District will be notified of such. (2023-2024 TVCC Catalog)

XIII. Media and Public Relations

1. Media and public relations regarding dual credit students will be managed according to the District and TVCC protocols found on the TVCC website.

XIV. Course Curriculum, Instruction, and Grading

1. The TVCC Dual Credit Liaison, under the direction of the Director of Dual Credit, is the official college contact regarding instructional content for college courses taught for dual credit.
2. Through faculty evaluations, semester grade reports, and LEAPs, TVCC shall ensure that an embedded college course offered for dual credit at the high school and the corresponding course offered at the College are equivalent with respect to the curriculum, contact hours, course maximum, materials, instruction, and method/rigor of evaluation of student performance, regardless of student composition of the class. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (f)]
3. All TVCC instructors must have a syllabus on file, which incorporates the policy and procedure for learning outcomes, grading policies, and disability services.

4. Instructors shall follow TVCC grading policies (Section VII, No. 4, k) where students will receive a letter grade on their TVCC transcript. College faculty will provide numeric grades at the end of the semester to be weighted or factored into the student's high school grade point as determined by the high school district.
5. Faculty will participate in providing information for the assessment of student learning outcomes as required by the Texas Higher Education Coordinating Board (THECB) and Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). This includes but is not limited to the submission of summary scores/data where such information is needed for evaluating departmental success, and the submission of student work for secondary evaluation by the division to ensure that relevant learning outcomes are achieved in any given course.
6. Dual credit faculty will be evaluated according to the same process and standards and will use the same instrument as non-dual credit TVCC full-time and part-time faculty. As such, TVCC policy DLA (LOCAL), available on the TVCC website, outlines the employee performance evaluation process for all TVCC faculty. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (e)(2)] [Southern Association of Colleges and Schools, Principles of Accreditation, 6.3 (Faculty Appointment and Evaluation)]

XV. Instructional Materials

1. It is the responsibility of the school district/student to obtain the instructional resources necessary for dual credit courses.
2. The District and TVCC will consider the use of free or low-cost open educational resources (OER) in courses offered under the program, if available.
3. Fees for Inclusive Access (Bookstore fee) will be included for some TVCC courses. The course syllabus will designate the required course materials.

XVI. Transfer of Courses

1. TVCC basic academic and general education courses are readily transferable to other public institutions of higher education in Texas. However, since each college has its own policy regarding the transferability and applicability of courses, each student is strongly advised to check with the transferring college or university they plan to attend in order to determine the transferability of TVCC courses.
2. The entire TVCC core curriculum will be accepted by Texas state-supported colleges and universities into that institution's core curriculum, if a student earns a "C" or better. [TAC 19, Part 1, Chapter 4, Subchapter B, §4.25 (a-c)]
3. Career technical education courses are not designed for transfer beyond the community college. However, programs exist at some universities that allow these courses to be applied directly to baccalaureate degree requirements. Students are encouraged to check with prospective universities concerning programs such as the BAAS, BAT, and similar programs.

XVII. Academic Regulations

1. A TVCC class minimum enrollment of 10 students is necessary to make a face-to-face class taught by a TVCC instructor on a TVCC campus. Exceptions to this restriction apply in instances where more than one high school agrees to receive instruction simultaneously (through Zoom, etc.) and a minimum of 10 students enrolled between the participating districts.

2. Embedded courses taught by an ISD instructor may be taught on an individual student basis, with no minimum enrollment required.
3. A minimum of 10 students is required for all non-embedded courses taught on the high school campus by a TVCC faculty member. For every student under 10, the ISD will be responsible for a \$200/per student fee. This will be based on the number of students enrolled in the class on TVCC Census Day.
4. TVCC courses offered as dual credit by TVCC faculty or embedded high school faculty, regardless of where they are taught, follow the TVCC College calendar, syllabus requirements, course outline, grading procedures, FERPA regulations, communication between students, parents, and District administrators, and other instructional and evaluative policies and procedures. Exceptions to this must be approved by the appropriate associate vice president, provost, and vice president of instruction. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (g)(1)]
5. Letter grades are given in accordance with policies printed in the College catalog. Numerical averages will be provided to the high school counselor, via email, by the TVCC Registrar's Office or director of dual credit at the end of each semester.
6. In the event of a grade dispute, the TVCC policy for grade appeals will be followed. Please see the Academic Grievance Procedure in the current TVCC catalog.
7. District employees and parents shall not influence the grading policies, grading procedures, or other instructional policies of TVCC Faculty who teach college courses as dual credit.
8. Dual credit students may withdraw (drop) from all courses and receive a grade of "W" at any time during the semester on/prior to the TVCC official drop deadline specified in the College calendar located in the class schedule or catalog. The appropriate grade will be assigned for courses dropped after the deadline specified in the College calendar. For students who wish to drop a class, it is their responsibility to contact the high school counselor. Dual Credit students cannot withdraw themselves. The appropriate paperwork must be submitted by the high school.
9. Dual credit students are responsible for contacting the high school counselor to withdraw (drop) a class by the last day to pay deadline if they do not intend to pay for the identified class. If the class is not dropped or paid for, the dual credit student will have an outstanding balance and a grade will be transcribed in the identified course.
10. The high school counselor may request locally articulated career technical credit for a dual credit student by completing the TVCC High School Student Local Articulation Approval form available from the Dual Credit office.

XVIII. Funding

1. The cost of tuition and fees for eligible academic dual credit courses for taxpaying districts will be \$49.00 per credit hour for the first two academic courses that are offered for dual credit each semester. The cost of tuition and fees for eligible academic dual credit courses for non-taxpaying districts will be \$60.00 per credit hour for the first two academic courses that are offered for dual credit each semester. Upon enrolling in the third academic or non-embedded career technical class or any concurrent course, tuition and fees will adhere to the TVCC tuition and fee schedule. Online fees and lab fees affiliated with the respected courses in which students choose to enroll will be charged as published on the TVCC tuition and fee schedule.
2. Embedded career technical education courses taught by an employee of the ISD will not be charged any tuition or general fees. The ISD will be responsible for all equipment necessary for

the course, regardless of student FAST eligibility, including but not limited to cosmetology kits and welding equipment.

3. TVCC participates in the FAST (Financial Aid for Swift Transfer program). See Appendix A
4. The District or the student will be responsible for the transportation of high school students to TVCC.
5. The District or the student will provide the cost of tuition, required fees, and textbooks. If the District elects to pay for any tuition and/or required fees, the amount they will pay will/must be noted on the dual credit sponsorship form and submitted to the TVCC's business office before the semester begins. If a district fails to note they will be paying for student tuition/fees, and the student does not pay by the deadline, the student will be dropped from the class for non-payment.
6. State funding for college courses offered for dual credit will be available to both the District and TVCC based on the current funding rules of the State Board of Education and the Texas Higher Education Coordinating Board. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (i)(1)]S. TVCC may only claim funding for students receiving college credit in core curriculum, career technical/college workforce education, and foreign language dual credit courses. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (i)(2)]
7. Faculty teaching embedded courses offered for dual credit, who are also employed by the District, will be employees of the District. Such faculty will be paid by the District in accordance with the District's standard teacher salary schedule. These dual credit instructors will not receive any monetary compensation, benefits, or otherwise from TVCC under this program. TVCC will pay the District a stipend of \$500 for embedded academic transfer dual credit course sections taught by embedded faculty on the District campus. (NOTE: Dual credit career technical education dual credit courses taught by embedded faculty on the district campus will not be paid the stipend.) The stipend amount is contingent upon 10 dual credit students enrolled in the course section on the official TVCC census date. The District will be paid on a per-student basis for less than 10 dual credit students (Fall and Spring semesters only).

| | |
|----------------|-----------------|
| 0-9 students | \$50/student |
| 10-30 students | \$500/section |
| 30-60 students | \$1,000/section |
| 60-90 students | \$1,500/section |
8. TVCC will reimburse the District for academic course lab fees when the District provides the lab facilities and supplies on the high school campus. TVCC will not reimburse the District for academic course lab fees when TVCC provides the lab facilities and/or supplies. Since tuition and fees are waived for students enrolled in embedded career technical education courses, there are no lab fees for which TVCC will reimburse the District.
9. The District will provide required software licenses and/or other materials for embedded career technical education dual credit courses taught at the high school campus.

XIX. Indemnity and liability

1. To the extent allowed by law, parties to the agreement agree to mutually defend, indemnify, and hold each other harmless from any and all claims and losses accruing or resulting from any and all contractors, subcontractors, suppliers, laborers, and any other person, firm, or corporation furnishing or supplying work, services, materials, or supplies in connection with the

performance of any subcontract let under this Agreement, and from any and all claims and losses accruing or resulting to any person, firm, or corporation who may be injured or damaged by the acts of omissions of the other party in the performance of subcontract.

2. The District expressly assumes all liability related to or arising from the acts and/or omissions of its employees, contractors, agents, or representatives associated with this Agreement or the dual credit program.

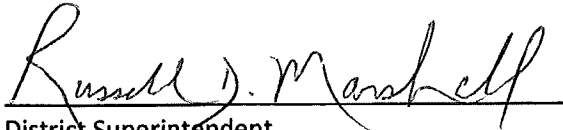

XX. Miscellaneous

1. The District will maintain the required student vaccination records and documentation at the high school for health occupations courses and make them available to TVCC auditing if needed.
2. Students may apply for graduation under provisions of the current catalog year or meet the graduation requirements of the catalog under which the student entered TVCC, provided that the catalog date is no more than five years prior to the expected date of graduation. The candidate for graduation must declare the catalog of their degree plan.
3. Both parties agree to have a spirit of cooperation and to endeavor to provide a positive collegiate-level experience for those high school students equipped with the maturity and academic preparation to be successful in college-level courses.
4. Both parties agree to post this Agreement on the District and TVCC's respective websites.
5. This Agreement may only be modified in writing and signed by both parties.
6. This Agreement will become effective on the date the last party executes it and will remain in effect until either party decides to terminate it. Either party may terminate this Agreement without cause by giving the other party notice in writing at least thirty (30) days before the beginning of the first day of the TVCC semester or District semester, whichever is earlier.
7. Nothing herein shall waive the parties' immunity to suit or liability as established by applicable law.
8. The parties to this Agreement are not in a joint venture, partnership, or otherwise.
9. This Agreement shall be governed by the laws of Texas.
10. All parties to this Agreement agree to abide by and comply with all applicable laws regarding student privacy including, but not limited to, FERPA.

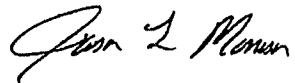

The signatures below indicate that the governing boards of both TVCC and the District have approved this Agreement.

XXI. Other Agreements with the District

1. This agreement does not apply to other agreements between TVCC and the District. TVCC and the District will have a separate and distinctive agreement for TVCC and Early College High Schools.

Financial Aid for Swift Transfer (FAST)

Overview

The FAST program provides funding to colleges and other public institutions so they can offer dual credit courses to educationally disadvantaged students at no cost to these students. **This program may require partnership investments by school districts to cover costs for instructional materials, and course fees so that the program can be offered where the student is not required to pay.**

The Texas Education Code (TEC) defines "educationally disadvantaged" as those students eligible for the national free/reduced-price lunch program. The FAST program includes a four-year "look-back" for student eligibility.

The Texas Higher Education Coordinating Board (THECB) will adopt a maximum tuition rate for dual credit courses that is a condition of an institution's participation in the FAST program. Institutions that elect to participate in the FAST program will receive an allotment of funding equal to the FAST tuition rate for each semester credit hour of dual credit coursework taken by an eligible student. Note that the FAST tuition rate is the maximum tuition rate that a participating institution may charge for all dual credit students in any dual credit course.

Student Eligibility

Students are "eligible students" under the FAST program if they (1) are enrolled in an eligible dual credit course at a public school district or charter school offered either at their school or the college, and (2) were qualified for free/reduced-price lunch in any of the four school years before enrolling in the dual credit course.

By statute, the FAST program requires that eligible students at participating institutions incur no cost for their dual credit coursework. An eligible student will not pay tuition and fees for an eligible dual credit course. Books, supplies, and other course materials must also be provided at no cost to an eligible student.

There is no limit to the number of courses or semester credit hours that a FAST-eligible student can take. As long as the course and institution meet eligibility requirements (including that the courses are offered at no cost to the student and do not exceed the FAST rate), students who qualify for free and reduced-price lunch will be eligible for free dual credit courses under FAST.

The THECB is in discussions with the Texas Education Agency (TEA) regarding development of a system in which institutions would be able to upload a file of students enrolled in dual credit courses and receive a response indicating which students met the FAST eligibility requirements in any of the four school years before enrolling in the dual credit course. This new system will serve to fulfill the requirements of the TEC, allowing school districts and charter schools to complete their required reporting/or FAST via TEA, rather than directly to institutions of higher education.

FAST Tuition Rate

The FAST tuition rate adopted by the THECB serves two purposes:

Funding rate: Participating institutions will receive an allotment of funding equal to the FAST tuition rate for each semester credit hour of dual credit coursework taken by an eligible student.

FAST Funding Disbursement

The THECB intends to match TVCC reporting of dual credit enrollment with TEA's data regarding educationally disadvantaged students to generate a report of student enrollment eligible for FAST funding. The THECB would provide the report to institutions for their review and certification, after which THECB would disburse funding to the institution.

Dual Credit Course Eligibility

Courses eligible for FAST funding are those offered through either TEC, Section 130.008, Courses for Joint High School and Junior College Credit (see Texas Administrative Code, Chapter 4, Subchapter D, Rules 4.81-4.85), or other courses offered by a public institution of higher education for which a high school student may earn credit. By statute, the courses must also satisfy at least one of the following:

- A requirement necessary to obtain an associate degree or an industry-recognized credential or certificate (using the definition of industry-recognized credential or certificate that is established for other parts of House Bill 8)
- A foreign language requirement at an institution of higher education
- A core curriculum requirement
- A field of study requirement

SUBCHAPTER Q. FINANCIAL AID FOR SWIFT TRANSFER (FAST) PROGRAM.

§13.500. Authority and Purpose.

(a) Unless otherwise noted in a section, the authority for these provisions is provided by Texas Education Code, §§28.0095 and 48.308.

(b) This subchapter establishes rules relating to the administration of the Financial Aid for Swift Transfer (FAST) Program. The program provides institutions with funding to support their ability to allow educationally disadvantaged students to enroll in dual credit coursework at no cost to the student.

§13.501. Definitions.

In addition to the words and terms defined in Texas Administrative Code, §13.1 of this chapter (relating to Definitions) the following words and terms, when used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise. In the event of conflict, the definitions in this subchapter shall control.

(1) Charter School--a public charter school authorized to operate under Texas Education Code, Chapter 12.

(2) Dual Credit Course--a course offered for joint high school and junior college credit under Texas Education Code, §130.008, or another course offered by an institution of higher education, for which a high school student may earn credit toward satisfaction of:

(A) a requirement necessary to obtain an industry-recognized credential or certificate or an associate degree;

(B) a foreign language requirement at an institution of higher education;

(C) a requirement in the core curriculum, as that term is defined by Texas Education Code, §61.821, at an institution of higher education; or

(D) a requirement in a field of study curriculum developed by the coordinating board under Texas Education Code, §61.823.

(3) Educationally disadvantaged--as defined in Texas Education Code, §5.001(4), eligible to participate in the national free or reduced-price lunch program.

(4) Program--the Financial Aid for Swift Transfer (FAST) Program.

§13.502. Eligible Institution.

(a) Any institution of higher education, as defined in Texas Education Code, §61.003, is eligible to participate in the Program.

(b) A participating institution may not charge students attending high school in a Texas school district or charter school tuition for dual credit courses in excess of the tuition rate outlined in §13.504 of this subchapter (relating to FAST Tuition).

(c) A participating institution must ensure that an eligible student incurs no cost for their enrollment in any dual credit course at the institution. This includes, but is not limited to, tuition, fees, books, supplies, or other course-related expenses. This subsection does not prohibit a participating institution from charging a school district for course-related expenses, other than tuition, for an eligible student.

(d) Agreement. Each eligible institution must enter into an agreement with the Coordinating Board, the terms of which shall be prescribed by the Commissioner prior to being approved to participate in the program.

§13.503. Eligible Students.

(a) A student is eligible to enroll at no cost to the student in a dual credit course under the program if the student:

- (1) is enrolled in and eligible for Foundation School Program funding at a high school in a Texas school district or charter school under the rules of the Texas Education Agency;
- (2) is enrolled in a dual credit course at a participating institution of higher education; and
- (3) was educationally disadvantaged at any time during the four school years preceding the student's enrollment in the dual credit course described by paragraph (2) of this subsection, as certified to the institution by the eligible student's school district or charter school, or other means authorized by rule.

(b) A school district's or charter school's notice to the institution regarding a student's status as educationally disadvantaged shall occur through the school district's or charter school's notice to the Texas Education Agency, unless otherwise provided by rule.

§13.504. FAST Tuition.

The maximum tuition rate prescribed for a dual credit course through this program is \$56.87 per semester credit hour in the 2024-2025 academic year.

§13.505. FAST Funding Formula.

(a) Frequency of Disbursements. The Coordinating Board will provide each participating institution with a disbursement for each fall, spring, and summer semester upon the certification of the institution's eligible enrollments. The Coordinating Board will combine enrollment periods under this subsection when a semester includes more than one enrollment period (for example, a Summer 1 and a Summer 2 session).

(b) Disbursement Calculation. Each disbursement will equal the amount outlined in §13.504 of this subchapter (relating to FAST Tuition) for the relevant semester multiplied by the number of semester credit hours in which students who met the eligibility criteria in §13.503 of this subchapter (relating to Eligible Students) were enrolled in dual credit courses at the institution for the relevant semester.

(c) Data Sources. The source of data for the disbursement calculation will be the CBM0CS certified by the institution for the relevant semester, combined with data regarding educationally disadvantaged students, as reported by Texas Education Agency, unless otherwise provided by rule.

(d) Verification of Data. Board staff will share each semester's calculation with the participating institution for comment and verification prior to disbursement. The institution will be given ten business days, beginning the day of the notice's distribution, and excluding State holidays, to confirm that the calculation accurately reflects the data they submitted or to advise Board staff of any inaccuracies.

§13.506. Overallocation.

Funding provided to an institution under this subchapter shall be subject to subchapter R, of this chapter (relating to State Public Junior College Finance Program Reporting, Audit, and Overallocation).

Dual Credit MOU Amendment #1: Financial Aid for Swift Transfer (FAST)

The language below replaces in whole the section XIV Funding.

1. The cost of tuition and fees will be based on the current Trinity Valley Community College tuition and fee schedule for eligible dual credit courses.
2. Financial Aid for Swift Transfer (FAST)
Trinity Valley Community College and the ISD enter into an agreement to participate in the Financial Aid for Swift Transfer (FAST) Program in anticipation of the Texas Higher Education Coordinating Board (Coordinating Board) adopting new rules on an emergency basis in **Texas Administrative Code, Title 19, Part 1, Chapter 13, Subchapter Q, §§13.500 -13.506, concerning Financial Aid for Swift Transfer (FAST) Program.** (Attached as Appendix IA).

A. ISD Responsibilities:

1. Provide early certification of eligible students to Trinity Valley Community College in cases where the ISD knows the student to be an eligible student; however, the student has not yet been reported to the Texas Education Agency due to timing of the report (e.g., documentation in August when the report to the state may not be due until October).
2. Maintain records to justify certification of eligible students.
3. Provide certification of eligible students to the Texas Education Agency.
4. No costs can be passed to any FAST eligible student
5. The school district will be asked to certify the accuracy of the list. Failure of the school district to certify the list will result in students becoming ineligible for the FAST program until a list is certified.

B. College Responsibility:

1. Collaborate with the school district on identifying FAST-Eligible students.
2. Share with the school district the list of FAST-Eligible students from the state list once it is available.
3. Share with school district FAST eligible courses for a student.
4. No costs can be passed to any FAST eligible student
5. Trinity Valley Community College will submit a list of FAST students to the school district indicating which have qualified from the state-generated FAST list, and which are preliminarily qualified through the school district-generated list.

C. For the 2024-2025 school year (Fall 2024 through summer 2025)

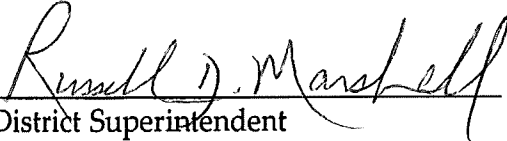

1. TVCC will continue to waive all tuition, general fees and textbook costs for FAST students with the exception of equipment needed for workforce programs to include but not be limited to cosmetology kits and welding equipment.
2. This will be re-evaluated and can be adjusted yearly.

RESPONSIBILITY FOR INCORRECTLY REPORTED STUDENTS

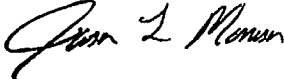

The Texas Education Agency will provide the Texas Higher Education Coordinating Board a list of students who have been listed as Educationally Disadvantaged. Should the student be Educationally Disadvantaged by appearing on this list in any of the four years prior to enrolling in their first dual credit course, the student is an eligible student for the FAST Program.

Trinity Valley Community College will access this list of students and will share with the ISD when a student appears on this list.

Should the State and/or Trinity Valley Community College be unable to validate that the student is eligible for the FAST program when the Texas Higher Education Coordinating Board matches for Educationally Disadvantaged students based upon the school district's free- and reduced- lunch reporting to the Texas Education Agency, the school district shall be responsible for the balance of tuition, fees, course fees, and course materials access fees that would have been charged to the student because the student has been labeled a non-FAST student.
