Goals of the Kiwanis Scholarship

1. Scholarship award is not based on academics, but on leadership qualities. The club's objectives are to seek out, recognize and develop leadership potential in high school seniors. It is to encourage students to pursue leadership roles as they join the work force, following high school graduation. The award is also to help prepare the next generation of civic and corporate leadership for America's future.
2. Also, the goal is to help students gain the necessary confidence and experience in following written instructions when applying for scholarships.
3. A third goal is to educate people in the schools and communities about the Kiwanis organization. The number of scholarships awarded, from year to year, depends on the amount of money available to the Kiwanis Club of Cedar Creek Lake's ability to raise the necessary funds for the program, through various fundraisers throughout the year.
