

James 1: 2 - 4 NIV

2.) Consider it pure joy, my brothers and sisters, whenever you face trials of many kinds, 3,) because you know that the testing of your faith produces perseverance. 4.) Let perseverance finish its work so that you may be mature and complete, not lacking anything.

Welcome to your senior year. It has been a long and egregious road. As a former high school graduate I'll be very frank with you. I had no idea what I wanted to do. I'm sure you are going through the same thing or you have a vague and vivid vision as to what you want to accomplish. Whatever thought process you are in right now, just know you are not alone. Someone has been in your shoes and has gone through what you are going through. Therefore, I'll be a little more gracious in this application. I don't want to know about your GPA, how you are going to change the world, what higher-ed classes you took, or how much better of an applicant you THINK you are than the other applicants

I want to know what drives you?
